ABOUT LEAFYBLEND LLP

Who We Are

LeafyBlend LLP is a merchant exporter and global supplier of **premium sustainable tableware** made from natural and renewable resources.

We work with a carefully selected network of **trusted manufacturing partners** across India to deliver premium sustainable tableware for global markets.

From sourcing to shipment, we ensure consistent **quality, timely delivery** and full **export support** – making global trade simple and reliable.

COMPANY PROFILE

Why Choose LeafyBlend?

PREMIUM QUALITY

Carefully sourced from trusted manufacturers.

SUSTAINABLE BY NATURE

Made from renewable resources, kind to our planet.

FOOD CONTACT SUITABLE*

Compliant with global food safety and environmental standards.

GLOBAL SUPPLY

Export-ready products with complete documentation support.

OEM & PRIVATE LABEL

Custom branding and packaging solutions available.

RELIABLE PARTNER

Transparent communication and long-term partnerships.

* Supporting laboratory reports are available for selected product ranges upon request.

Our Journey – From Nature To You

We follow a responsible and sustainable process to deliver the best of nature to the world.

1. SOURCE

Sourcing the finest natural raw materials from sustainable origins.

2. MANUFACTURE

Manufactured by trusted partner facilities following quality production practices.

3. QUALITY CHECK

Strict quality inspections to ensure consistency, safety and durability.

4. PACK & SHIP

Carefully packed and shipped with complete export documentation.

5. DELIVER

Delivered to your business, anywhere in the world.

Our Commitment

At LeafyBlend, sustainability is at the heart of everything we do. We are committed to reducing waste, supporting communities and creating a greener future for generations to come.

SUSTAINABLE TODAY, RESPONSIBLE FOREVER.

By choosing bagasse tableware, you're choosing a cleaner, greener future.
Let's work together for a healthier planet and a better tomorrow.

ONE SMALL CHANGE
CAN MAKE A BIG
DIFFERENCE.

OUR STORY

ROOTED IN NATURE. DRIVEN BY PURPOSE.

NATURALLY BETTER. SUSTAINABLY TOGETHER.

LeafyBlend LLP was founded with a simple belief – that everyday choices can shape a better tomorrow. By offering eco-friendly tableware made from sugarcane bagasse fiber, we help businesses overcome single-use plastic and move towards a cleaner, greener future.

Today, LeafyBlend is a trusted partner for distributors, wholesalers, retailers, caterers and brands across the globe.

OUR JOURNEY

STARTED WITH A VISION

To replace plastic with sustainable alternatives.

SOURCED RESPONSIBLY

Partnered with reliable manufacturers using renewable sugarcane fiber.

BUILT A PREMIUM PRODUCT RANGE

Designed to meet global quality standards and customer needs.

EXPANDED GLOBALLY

Trusted by clients in multiple countries for quality and reliability.

COMMITTED TO A BETTER FUTURE

Continuing our mission for a cleaner planet and responsible business.

WHY WORK WITH US?

PREMIUM QUALITY

High-quality, durable and safe tableware for all needs.

SUSTAINABLE SOLUTIONS

Eco-friendly products made from renewable sugarcane fiber.

WIDE PRODUCT RANGE

Complete range of tableware for every occasion and business.

GLOBAL PRESENCE

Exporting to markets across the world with reliability.

DEDICATED SUPPORT

Responsive service and support at every step.

LONG-TERM PARTNERSHIPS

We grow together with trust, consistency and commitment.

ABOUT LEAFYBLEND LLP

LeafyBlend LLP is a merchant exporter of premium eco-friendly tableware made from sugarcane bagasse fiber. We connect global buyers with high-quality, sustainable products that support a greener future.

SUSTAINABLE BY NATURE. BETTER BY CHOICE.

NATURALLY BETTER. SUSTAINABLY TOGETHER.

OUR COMMITMENT TO A GREENER FUTURE

At LeafyBlend LLP, sustainability is at the heart of everything we do. Our bagasse tableware is made from renewable sugarcane fiber – a natural by-product that reduces waste and helps protect our planet. By choosing biodegradable products, we move together towards a cleaner, healthier and greener tomorrow.

OUR SUSTAINABILITY PROMISE

ECO-FRIENDLY

Made from renewable sugarcane fiber.

BIODEGRADABLE & COMPOSTABLE

Breaks down naturally, returning to nature without leaving harmful residues.

SUSTAINABLE

Reduces waste and supports a circular economy.

SAFE & NON-TOXIC

Free from harmful chemicals or toxins. Safe for you and kind to the planet.

RESPONSIBLE CHOICE

Small choices today create a cleaner, healthier tomorrow.

THIRD-PARTY LABORATORY TESTED

Our bagasse tableware is tested by independent laboratories to ensure quality, safety and environmental performance.

MATERIAL IDENTIFICATION (FTIR)

Material identified as cellulose by FTIR analysis.

BIODEGRADABILITY TESTED (CIPET)

92.6% biodegradation achieved after 84 days as per ISO 14855-1.

COMPOSTABILITY EVALUATION (CIPET)

Meets disintegration criteria after 12 weeks. Seed germination > 90%.

PFAS TESTED (TÜV SÜD)

PFOS & PFOA Not Detected.

ARSENIC & GLUTEN TESTED (TÜV SÜD)

Arsenic (As) Not Detected. Gluten Not Detected.

Original laboratory test reports are available upon request.

QUALITY & RELIABILITY

- ✓ Consistent quality with strict manufacturing controls
- ✓ Food contact suitable* (where applicable)
- ✓ Export-ready packaging & documentation support
- ✓ Custom branding & private label solutions
- ✓ Dedicated support for bulk & repeat orders

ADDITIONAL TESTING & COMPLIANCE

We understand that different markets have different requirements. Additional product-specific testing and certifications can be arranged based on buyer request and destination country regulations.

We are committed to working with our customers to meet their compliance needs and ensure smooth market access worldwide.

* Food-contact suitability and laboratory documentation apply to the tested product(s).

COMPANY PROFILE

NATURALLY BETTER. SUSTAINABLY TOGETHER.

LEAFYBLEND LLP – YOUR TRUSTED PARTNER FOR SUSTAINABLE SOLUTIONS

At LeafyBlend LLP, we are committed to providing high-quality, eco-friendly tableware made from renewable sugarcane fiber. Our mission is to deliver sustainable products that combine functionality, safety and environmental responsibility.

QUALITY FIRST

We ensure consistent quality through strict quality control and careful product inspection.

SUSTAINABILITY

Our products are made from renewable resources and designed to minimize environmental impact.

CUSTOMER FOCUS

We work closely with our customers to understand their needs and deliver reliable, long-term partnerships.

INNOVATION

We continuously improve our processes and products to meet evolving market expectations.

OUR VISION

To be a leading global provider of sustainable tableware solutions, contributing to a cleaner, greener and healthier planet.

WHY PARTNER WITH LEAFYBLEND LLP?

- ✓ Eco-friendly & biodegradable products
- ✓ Made from 100% renewable resources
- ✓ Food contact safe & non-toxic
- ✓ Reliable supply & on-time delivery
- ✓ Competitive pricing with premium quality
- ✓ Flexible MOQ & customization options

Global Standards
Compliant with international quality & safety standards.

Reliable Partner
Committed to quality, transparency and customer satisfaction.

Scalable Supply
Capability to handle bulk orders and repeated demand.

Dedicated Support
Responsive customer service and after-sales assistance.

US FDA FOOD CONTACT COMPLIANT

BAGASSE TABLEWARE LABORATORY TEST SUMMARY

Our bagasse tableware has been evaluated by SGS India Pvt. Ltd. for food-contact performance and safety. The representative laboratory report confirms compliance with key food-contact testing requirements for paper and paperboard food-service products.

TEST SUMMARY

1. US FDA 21 CFR 176.170 (PAPER & PAPERBOARD)

PASS

Determination of the amount of net chloroform soluble extractives in accordance with US FDA 21 CFR 176.170.

2. OVERALL MIGRATION TEST

PASS

Migration testing carried out in accordance with IS 9845:1998 (R 2020). Results were within the applicable permissible limits.

3. MICROWAVE OVEN TEST

PASS

No visual deformation or structural damage observed after testing.

All tests conducted – PASS

Product is safe for food contact and suitable for hot & cold foods.

SGS LABORATORY TEST REPORT HIGHLIGHTS

1. REPORT SUMMARY (Page 1)

SGS

Report No. : MAN:HL:1548009578

Issue Date : 28-Dec-2024

Sample Description : Bagasse Biodegradable Plates

Condition of Sample : Complete and OK

SUMMARY OF TEST RESULTS:

TESTS	PASS	FAIL	REMARKS
1. Microwave Oven Test	P		
2. Determination of Overall Migration of Constituents of Plastic Materials and Articles Intended to Come in Contact with Food Stuffs – According to IS 9845:1998 (R 2020)	P		
3. US FDA 21 CFR 176.170 (Paper and Paperboard) – Determination of Amount of Net Chloroform Soluble Extractives	P		

Remarks: P = Pass F = Fail

2. OVERALL MIGRATION TEST (Page 2)

SGS

TEST REPORT

Report No. : MAN:HL:1548009578

DETERMINATION OF OVERALL MIGRATION

Test Method : IS 9845:1998 (R 2020)

Simulant Used	Test Condition	Permissible Limit (mg/dm²)	Result (mg/dm²)
Distilled Water	70°C for 2 hrs	10	< 3
3% Acetic Acid	70°C for 2 hrs	10	< 3
n-Heptane	70°C for 2 hrs	10	< 3

NOTE: mg/dm² – milligram per square decimeter

Result : PASS

3. US FDA 21 CFR 176.170 (Page 3)

SGS

TEST REPORT

Report No. : MAN:HL:1548009578

US FDA 21 CFR 176.170 (PAPER AND PAPERBOARD)

DETERMINATION OF AMOUNT OF NET CHLOROFORM SOLUBLE EXTRACTIVES

Test Method : US FDA 21 CFR 176.170

Test Parameter	Result (mg/g)
Net chloroform soluble extractives	0.8

Permissible Limit : Not more than 7.5 mg/g

Result : PASS

4. MICROWAVE OVEN TEST (Page 2)

SGS

TEST REPORT

Report No. : MAN:HL:1548009578

MICROWAVE OVEN TEST

Test Method : In-house method

Test Condition : Microwave power – 700 W

Each cycle time – 3 minutes

Observation : No visual change or deformation observed after 5 cycles.

Result : PASS

Reliable Testing. Transparent Documentation. Global Compliance Support.

Your Trusted Export Partner for Quality-Assured Sustainable Tableware

At LeafyBlend LLP, we work with carefully selected manufacturing partners across India to supply sustainable tableware products that meet international buyer expectations for quality, food-contact safety and regulatory compliance.

Because every product category and manufacturing facility may have different laboratory reports and certifications, we provide product-specific documentation based on the selected item and buyer requirements.

OUR COMPLIANCE SUPPORT

Product-specific laboratory reports are available for the respective products supplied through our manufacturing network.

Examples include:

- SGS Test Reports
- TÜV SÜD Test Reports
- CIPET Test Reports
- Food Contact Safety Reports
- US FDA Food Contact Testing
- EU Food Contact Testing
- Overall Migration Tests
- Microwave Performance Tests
- PFAS Testing
- Heavy Metal Testing
- Compostability & Biodegradability Reports
- Material Analysis Reports
- Other buyer-specific laboratory evaluations

BUYER-SPECIFIC TESTING SUPPORT

If your company requires additional testing before shipment, we can coordinate testing through internationally recognized laboratories based on your destination market and customer specifications.

Examples include:

- ✓ USA Requirements
- ✓ European Union Requirements
- ✓ United Kingdom Requirements
- ✓ Australia & New Zealand Requirements
- ✓ Middle East Requirements
- ✓ Customer-Specific Retail Compliance

OUR QUALITY COMMITMENT

Every export order is supported with documentation applicable to the selected product and manufacturing source.

We believe in complete transparency and provide only the reports relevant to the products being supplied.

RICE HUSK TABLEWARE?

A SMALL CHOICE WITH A BIG IMPACT. 🌱

Crafted from agricultural waste, our rice husk tableware is a natural choice for a sustainable tomorrow. Every plate and straw helps reduce plastic pollution and supports a greener planet.

MADE FROM AGRICULTURAL WASTE

Upcycled rice husk gives new life to farm waste and reduces landfill burden.

SUSTAINABLE ALTERNATIVE TO PLASTIC TABLEWARE

A responsible replacement for conventional plastic plates and straws.

BIODEGRADABLE & HOME COMPOSTABLE

Naturally decomposes in 30-60 days and returns to the earth.

FOOD CONTACT SAFE

Made with natural ingredients and safe for all types of food.

DURABLE & TEMPERATURE RESISTANT

Sturdy design for both hot and cold foods.
(-10°C to +140°C)

LONG SHELF LIFE

Well packed for extended shelf life and easy storage.

ECO-FRIENDLY CHOICE

Supports a cleaner planet and a greener future for generations to come.

EXPORT QUALITY PRODUCTS

Manufactured to meet international standards for global markets.

SUSTAINABLE BY NATURE. BETTER BY CHOICE.

Every product you choose from LeafyBlend LLP is a step towards a cleaner planet, stronger communities and a responsible future. 🌱

Why COCONUT SHELL?

Coconut shells are a natural gift from nature. At LeafyBlend LLP, we transform this agricultural by-product into beautiful, practical and sustainable tableware and lifestyle products.

Every shell we use is a step towards a cleaner, greener planet.

THE POWER OF COCONUT SHELL

UPCYCLED

Made from coconut shells that would otherwise go to waste.

SUSTAINABLE

Reduces landfill waste and supports a circular economy.

HANDCRAFTED

Skilled artisans handcraft each piece with care and precision.

NATURAL & SAFE

100% natural, chemical-free and safe for everyday use.

DURABLE

Strong, long-lasting and suitable for both hot and cold foods.

PLASTIC ALTERNATIVE

A stylish and responsible choice for a plastic-free lifestyle.

NATURE'S PERFECT DESIGN

- Each product is unique in texture, color and pattern.
- Lightweight yet strong – ideal for daily use.
- Smooth finish, natural look and comfortable to hold.
- Beautifully complements modern, rustic and eco-friendly settings.
- A meaningful choice for conscious homes, businesses and communities.

PRODUCT CARE & USAGE GUIDE

Our coconut shell products are 100% natural and handcrafted. With proper care, they will remain beautiful and last for years.

CARE INSTRUCTIONS

HAND WASH ONLY

Wash gently with mild soap and warm water. Avoid soaking for long periods.

DRY COMPLETELY

Wipe with a soft cloth and let it air dry completely before storage.

OIL OCCASIONALLY

Apply a thin layer of natural coconut oil or edible oil to maintain shine and durability.

DO NOT MICROWAVE

Coconut shell is a natural material and not suitable for microwave use.

DO NOT USE DISHWASHER

High heat and harsh detergents can damage the natural finish.

AVOID EXTREME HEAT

Do not use in oven or expose to direct flame or extreme heat.

GOOD TO KNOW

Each piece is unique in texture, color and pattern.

Suitable for dry, room temperature and cold foods.

Large bowls are not recommended for very hot or boiling liquids.

Not suitable for refrigeration or freezer.

With proper care, products can last for several years.

Slight variations, natural marks and lines are part of the beauty of real coconut shell.

HOW TO MAINTAIN THE NATURAL FINISH

1 Wash Gently

Use mild soap and warm water to clean the product.

2 Wipe & Dry

Wipe with a soft cloth and allow it to air dry completely.

3 Apply Natural Oil

Apply a small amount of coconut oil or edible oil with a soft cloth.

4 Let It Absorb

Allow the oil to absorb for a few minutes.

5 Buff Lightly

Wipe off excess oil and enjoy the natural shine and smoothness.

WHY CARE MATTERS?

Enhances the natural beauty and shine

Improves durability and extends life

Keeps the product safe and natural

Preserves the handcrafted quality and uniqueness

STANDARD COCONUT BOWLS

PRODUCT FEATURES & TECHNICAL ADVANTAGES

NATURE DESIGNED. HUMAN CRAFTED. PLANET APPROVED.

Our coconut shell products combine natural beauty with exceptional functionality. Designed to meet the needs of modern businesses and conscious consumers worldwide.

100% NATURAL

Made from real coconut shells. No trees are cut, no harm to nature.

HANDCRAFTED BY SKILLED ARTISANS

Each piece is unique, carefully handcrafted by experienced artisans.

ECO-FRIENDLY & BIODEGRADABLE

Biodegrades naturally at end of life without harming the environment.

STRONG & DURABLE

Naturally strong material that is durable, long lasting and built for daily use.

LIGHTWEIGHT

Light in weight yet sturdy and easy to handle for everyday use.

REUSABLE & SUSTAINABLE

Designed for multiple uses. A sustainable alternative to single-use plastics.

FOOD CONTACT SAFE*

Safe for serving dry and semi-moist foods. (Please refer to test reports for details.)

NATURAL & CHEMICAL FREE

Free from harmful chemicals, dyes and synthetic coatings.

EXPORT QUALITY

Manufactured with strict quality control to meet international export standards.

ZERO WASTE PRODUCT

Utilizes agro-waste (coconut shells) and supports a circular economy.

OUR WEBSITE

Our QUALITY ASSURANCE

At LeafyBlend LLP, quality is at the heart of everything we do. Our coconut shell products are handcrafted by skilled artisans using natural materials and carefully controlled processes to ensure consistent quality and customer satisfaction.

We are committed to delivering safe, reliable and export-ready products for our global partners.

OUR QUALITY COMMITMENT

NATURAL & FOOD CONTACT SUITABLE

Crafted from natural coconut shells. Suitable for serving dry, semi-dry and non-liquid foods.

HANDCRAFTED WITH CARE

Each product is carefully handmade by skilled artisans ensuring unique design and quality.

QUALITY CONTROLLED

Every product is checked at multiple stages for durability, finish and overall quality.

EXPORT READY PACKAGING

Products are packed securely to ensure safe transport and international delivery.

SUSTAINABLE & RESPONSIBLE

We support sustainable livelihoods and promote eco-friendly, zero-waste products.

TESTING & COMPLIANCE

We are committed to meeting international standards and buyer requirements.

LABORATORY TESTING

Product-specific laboratory testing can be arranged as per buyer requirements and target markets.

FOOD CONTACT TESTING

Testing for food contact safety can be arranged in accordance with international standards.

THIRD-PARTY INSPECTION

Pre-shipment inspection and quality checks are available on request.

DOCUMENTATION SUPPORT

Relevant compliance documents and test reports will be shared where applicable.

We are currently in the process of obtaining product test reports from SGS. The reports will be shared with our buyers once received.

OUR PROMISE TO YOU

CONSISTENT QUALITY

Reliable quality you can trust for every order.

NATURAL & SAFE

Made from natural coconut shells and crafted with care.

DURABLE & LONG LASTING

Strong, long-lasting and suitable for daily use.

CUSTOMER FOCUSED

We value long-term relationships and buyer satisfaction.

GLOBAL SUPPLY

Export-ready products for worldwide markets.

We continuously work towards improving our products and processes to meet the highest quality standards and your expectations.

For full test reports and compliance documents, please contact us.

WHY BAMBOO?

Bamboo is one of the most versatile and sustainable resources on earth. Our bamboo tableware and lifestyle products are handcrafted with care to offer a perfect blend of natural elegance, durability and everyday functionality.

RENEWABLE RESOURCE

Bamboo grows fast and regenerates naturally without replanting.

SUSTAINABLE CHOICE

A low-impact resource that supports a healthier planet.

HANDCRAFTED WITH CARE

Skilled craftsmanship ensures superior quality and natural beauty.

DURABLE & LIGHTWEIGHT

Strong, long-lasting and perfect for everyday use.

REUSABLE & ECO-FRIENDLY

Designed to be reused and reduce waste for a greener future.

FOOD CONTACT SUITABLE*

Suitable for serving food and beverages (Subject to relevant certifications).

NATURAL & CHEMICAL-FREE

Free from harmful chemicals and toxins. Safe for you and your family.

AESTHETIC & ELEGANT

Timeless natural look that adds warmth to any setting.

IDEAL FOR GLOBAL MARKETS

High demand across hospitality, retail, gifting and lifestyle segments.

Bamboo is nature's gift for a better tomorrow.
CHOOSE NATURAL. CHOOSE SUSTAINABLE. CHOOSE BAMBOO.
